Hiscall Inc. - Ambulatory Surgery Centers -

Hiscall, Inc. provides ultramodern nurse call systems for ambulatory surgery centers, physician offices and nursing homes to deliver the most efficient technology to meet your industry's needs that is cost-effective and reliable. This technology is essential for easing communication between patients and staff, enhancing patient safety and improving overall operational efficiency. It enables patients to request aid, allows staff to respond to emergencies and streamlines communication within the facility. This is often required by state and local regulations and contributes to better patient outcomes and satisfaction.

The Hiscall Difference...

We are committed to providing excellent customer service and the most advanced products. You will work directly with a trained/certified, Hiscall-badged employee that is knowledgeable, professional, and caring. Your needs will not be outsourced to a customer service provider overseas but managed by a Hiscall employee. Your satisfaction is our goal. We back this commitment by having provided thousands of customers with excellent service and products for 30 years.
